

Professional Licensing Program

More and more states are setting aside trophy areas and implementing a "limited lottery draw" as a type of management program to yield more trophy animals. This idea of limited permits is the same management concept used on United States Outfitters' private land leases. We recognized this and are offering the best of these limited draw type hunts to our clients.

The unique aspect of our program is that we not only submit the applications for you but also, in most cases, front the tag fees for you. This will allow you to apply for more applications than you would otherwise. Since 1991, United States Outfitters/Professional Licensing Service has identified the best hunting opportunities in many of the Rocky Mountain States. Each November we will send you a Hunt Portfolio Worksheet which will allow us to make sure we accomplish your needs for the coming year. Just check the appropriate "Apply, Hold, Point Only" check box and return to USO. You may put applications on hold from year to year or ask that only preference/bonus points be obtained for that year in order to maintain preference, but not draw. If your circumstances change and you need to withdraw from the service, a simple written request will refund any monies you have in the program as

long as it is not being held at the time by the state being applied to. This eliminates the chances of incorrectly completed applications and missed deadlines. With constantly changing regulations and hunt dates from state to state, this program provides a valuable service.

Quality tags do not go unnoticed by others. The competition for these tags is intense. This necessitates making applications to numerous states to increase your chance of drawing a quality tag. Most of our applications are in areas having limited tags, and while other hunters may be present in the area, the lack of numbers is what gives these hunts the true "quality hunting experience."

Enrolling in the service is easy. United States Outfitters' Professional Licensing Application includes all the information required by the various state game and fish departments. A Registered Agent and Limited Power of Attorney will also be executed by you in favor of United States Outfitters so we can sign your hunt application for you. The biography portion gives us an insight of the quality you are looking for as well as any physical limitations you might have.

In order to participate in the service and get your portfolio of applications started, you need to send us the one-time consulting fee of \$120 per application, any Fee for Bonus/Preference Point, any Non-Refundable License Fee, and the Non-Refundable Application Fee. United States Outfitters will provide information and recommendations, based on the extensive research and expertise we have acquired through the years as one of the leaders in the outfitting industry. Remember, all applicants **MUST** include a copy of their **Hunter Ed Card**.

When you are successful in drawing your permit you will be immediately notified. You simply reimburse us for the license fee with your credit card on file. United States Outfitters will outfit your hunt, have your tag in camp and provide you with any further information to make your hunt a quality experience. United States Outfitters/Professional Licensing Service does not provide unguided hunts. Also, ask about USO's Mexico Mule Deer and Desert Sheep Hunts. More info at: www.huntuso.com

CHECK THE STATEMENT THAT BEST PERTAINS TO YOUR EXPECTATIONS:

- Remember, all our hunts are trophy areas, but this is still chance hunting and luck plays a big part in the results.
- A - I am looking for the biggest bull/buck/ram that exists in a state. I have taken several bull/buck/rams and have no desire to harvest anything but a real monster even if it means seeing fewer animals, less success and tougher draw odds.
 - B - I am looking for a high harvest success rate on a mature bull/buck/ram with a possibility of a monster. I would accept the most difficult draw odd in order to have that high success on a mature bull/buck/ram.
 - C - I have hunted several times in places like Colorado, and have yet to be successful on something I could be proud of. I am not necessarily looking for a monster, but a good chance at something respectable with a good chance of being drawn.
